

## Blocks & Tackle

**The Handy Billy**  
A Small Tackle for  
General Use

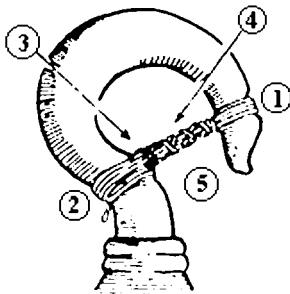

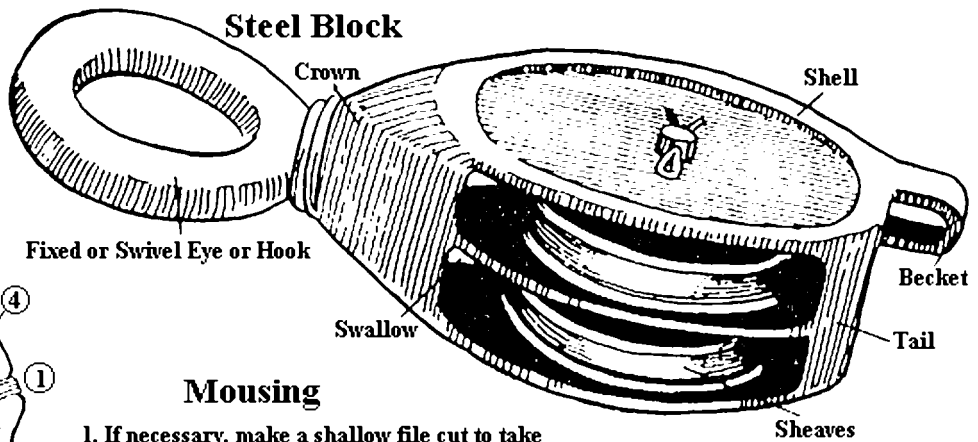

At this point the strain is held by the Handy Billy, whilst the Hawser is made fast to the tree. The Handy Billy can then be removed.

**Snatch  
Block**

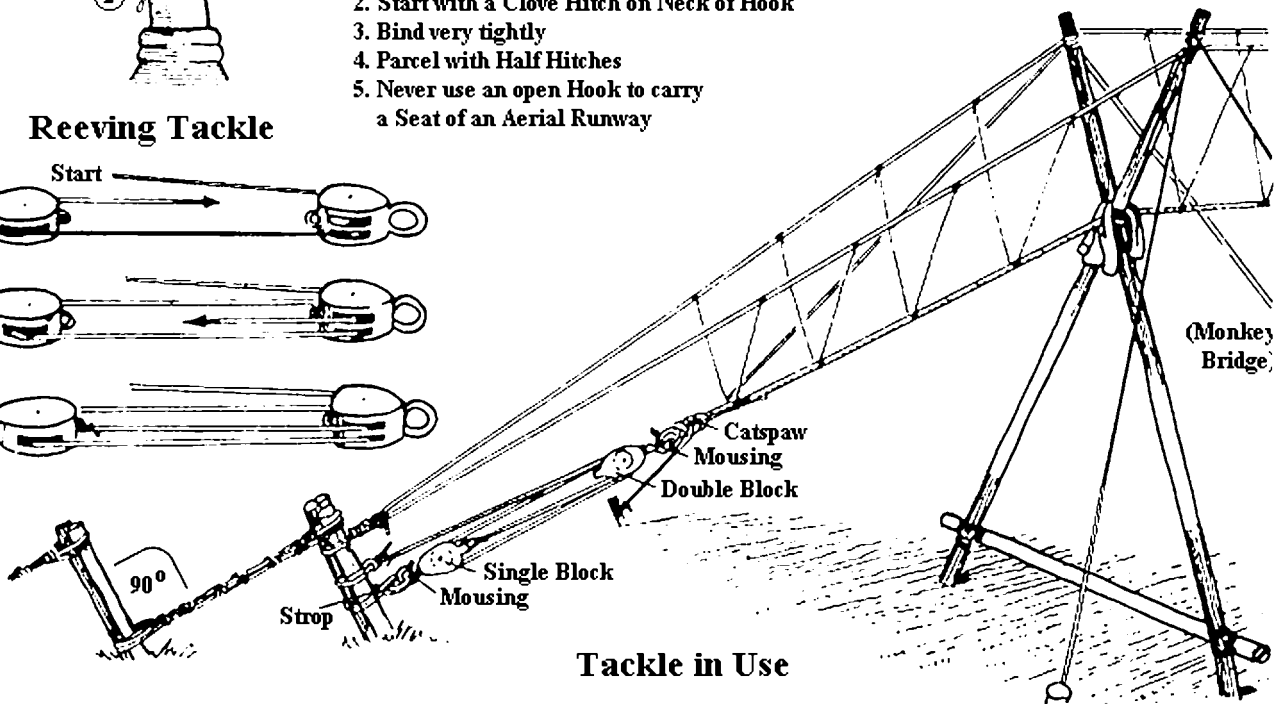

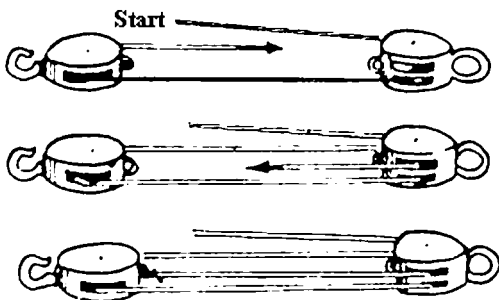

**Galvanised Iron  
or Laminated  
Steel Block**

**Mousing**

1. If necessary, make a shallow file cut to take the sisal Mousing
2. Start with a Clove Hitch on Neck of Hook
3. Bind very tightly
4. Parcel with Half Hitches
5. Never use an open Hook to carry a Seat of an Aerial Runway

**Reeving Tackle**

**Tackle in Use**

(Monkey  
Bridge)
